Our apologies for being a trifle late in publishing this edition of the '66 Rag but as they say - better late than never.

In this Editorial we would like to write on a very popular subject - our Management Committee.

The majority of our Management Committee have shown a lot of enthusiasm and also have worked hard for the better of the Club.

Some club members have said that they feel the Management Committee although it has worked well has at times, knocked back ideas which could make a lot of money for the club.

Our thoughts on this matter is this. The Management was elected by the Club members and each ~~member~~ committee members is there because the majority of the club members feel they are the best men to control our club in the manner worthy of the top club in Sydney.

When our Management Committee meets they talk (at length) on every little idea that is put up to them. Some great ideas are rejected because our leaders feel they would be too great a gamble for the club at the present time.

~~The~~ You must remember that nearly all work done within the club is done by members of the Management Committee. They do have at times some help by club members and these members are usually the same ones every time.

When the Management are assured that they will get 100 o/o help from every club members then they can make some of these ideas work. Until they do get the full cooperation of every club member these great ideas are useless.

Every member whether you be playing, social, associate, life or junior member - this is your club - work for it.

You can't expect to get everything for nothing.

The member who only comes to the match on Saturday - plays his game and then goes home and then we don't see him 'til the next Saturday is not a very good club members.

If this club wishes to remain the top club in Sydney and N.S.W. each member has to pull his weight with his club members.

This season - no many members have given 100 o/o support to our Club Captain Pat Nilan. Every playing members should be at training on Wednesday nights. You can't expect to win if you don't train - our competition placings show this. Our 1st. Grade - running 2nd. Our 2nd. Grade - running 2nd. Our 4th. Grade - running about 4th. Our 3rd. Grade is the only Grade who is performing to standard. They are running 1st. 6 points ahead of their nearest rival.

2nd. and 4th. is not good enough for Glebe - come on fellows and knuckle down to some hard training on Wednesday nights.

In closing, we wish to congratulate our Management Committee (they also have a couple of loafers) for work performed so far this season - hope they keep it up.

ADVISE TO CLUB MEMBERS.

Pay your fees or you don't play.

See Fred Letts or Frank Whitman - they always have a receipt book on them.

REMEMBER - NO PAY bad luck NO PLAY.

Memo to our Management Committee

It may be an idea if we had a few more social functions or we may have to write harshly in the next issue of this great mag.

Selections

Before settling down to team reports we feel we must say something in regards selections.

These words are not directed at selectors but to those who think they know more than our selectors.

Firstly, our 5 selectors were selected by members of each team plus 2 nominated by our Management.

These men are made selectors because we feel they can select winning teams.

Personally, I feel they are doing a great job considering our positions in the competition tables.

Although we are not leading in 3 of our 4 grades this is definitely not the fault of the selectors. This fault lies in the condition of our players.

Get down and do a bit of training and then you may get a chance in a higher grade.

Don't blame selectors for a fault of your own - this is called 'passing the Buck'.

If our 4 grades don't win this year, the selectors will be the boys to blame - so some members think.

If you are one of these members who pass the buck - wake up to yourself and think - would you put an out of condition player who can run for 15 minutes in front of a player who can play for 70 minutes. THINK IT OVER.

.....

I ST. GRADE REPORT.

v's St. George.

We suffered our first defeat of the season when the young Saints side ran out winners 3 goals to 2 in what was a very fast and exciting match.

Steve was the first scorer when midway thru the first half he picked up a rebound from Saints goalie and kicked past him giving us first blood.

The match was very even until Saints evergreen inside forward Brian Booth scored their first goal about 10 minutes into the second half.

Glebe didn't take too kindly to this as shortly after Pat Nilan from a good move originating from fullback Ken Wark, scored giving us the lead again.

The match looked ours until the final devastating 90 seconds of the match when Saints ran riot. Two goals in 90 seconds is a riot.

Booth scored first and then Saints brilliant centre forward Ron Riley showed his ability when he made one of the finest runs this season in passing many of the Glebe defence with brilliant stickwork and finally scoring.

Condratulations to St. George on their 3 goals to 2 victory.

BEST AND FAIREST.

3 points. Ken Wark. With Saints Brian Booth (the 2 oldest on the field) the best players on the field. Ken played a bottler - still the best fullback in N.S.W.

2 points. Pat Nilan. Scored a great goal and some of his many fine moves went begging because of lack of support.

1 point. Dave. Stavens. Tried all day - played a fine match.

.....

v's Canterbury

Not much can be said on this match as the ground was shocking. Ever played on a galvanised roof ground.

cont.

Although we won convincingly 6 goals to nil many shots were missed due to to ground.

BEST AND FAIREST

- 3 points Len Needham. Played soundly - stopped the ball weell and used it to his advantage.
- 2 points Pat. Niabn. Usual game considering the conditions.
- 1 point. Dave Stevens. As always tried all the time.

VS CUMBERLAND.

Another upset for our 1st. Grade side. A lall draw in this match was not a true indication of the match.

We attacked from the opening whistle and were awarded with a goal midway through the first half. Five minutes later Cumberland evened.

Cumberland were not playing there usual clean open fast hockey as a few of our fellows can show you. Throughout the second half the match was played in the Cumberland half. Cumberland looked as though they were satisfied with a draw as on one occasion there was 8 Cumberland defenders in their circle.

Our boys had a ton of shots at goal only to see Cumberland goalie Ray Mitchell playing at his best- he stopped everything hit at him. Itxwas Mitchell's keeping was the highlight of the match.

BEST & FAIREST.

- 3 points. Jack Thomson - Why - because he was the only player who only made one mistake in 70 minutes.
- 2 points. Dennis Lisk - Tried hard through out the match even though he did run a bit too much.
- 1 point. Ken Wark. Played well when needed - even has a very sore shin to prove it.

Through Near the end of the match Dave Stevens had to leave the field with his ever recurring slipped disc. We do hope this doesn't keep him out of the game too long not only for Glebe sake but also for N.S.W. Dave looks a certainty to make State this year.

HAVE YOU HEARD

- * about the delicatessen owner, who got a little behind in his work?
He backed into a bacon slicer.

Heard the Sydney Colts in Bathurst renamed their coach.

The learned gentleman was our own Vic Westcott.
NEW NAME - "Black and Tan."

QUOTABLE QUOTES

About the only thing ever lost by politeness is a seat on a crowded bus.

Those who complain about the way the ball bounces are usually the ones who dropped it.

3RD. GRADE REPORT

v's St. George

Another good win to our thirds and at no stage did they look like going down.

The team on a whole played very bright open hockey although at times some relaxed enabling Saints forwards to get through.

The halves kept moving the ball up to their forwards and also played well in defence.

The forwards showed some very good moves and looked dangerous all the time.

BEST AND FAIREST.

3 points. P. Rogers. Played very well and kept his winger moving all the time with some very well timed passes.

2 points. A. Morley. Worked all the time. Is improving with every match.

1 point. R. Fox. Another great game - very sound.

v's Canterbury.

An easy 6 nil win to this great side. Although their opposition was not the best so as to provide a good match our fellows had an easy game.

Centre forward Brian Howe was in fine scoring form scoring the majority of the goals. This was Brians best game to date.

BEST AND FAIREST.

3 points. B. Howe. Played well and scored some fine goals.

2 points. F. Letts. Although he didn't have a lot of work - what he had was top class.

1 point. R. Fox. Again another fine display of centre half play.

v8s Cumberland.

Still underfeated after this match. They now lead the competition by 6 points.

For a while in this match things didn't look too bright with players missing too many balls. In the second half they soon settled down and again ran out very good winners.

Some players did get a little hot under the collar - this should not happen on the field - settle down Brian.

BEST AND FAIREST.

3 points. G. Harris. Always safe in defence- good to see him back.

2 points. A. Morley. Once again worked all day- still improving.

1 point. G. Shirley. With Tony played very soundly- starting to settle down.

.....

Hope our Auditor checks the books shortly - our Treasurer is buying a new home and our Assietant Treasurer has bought himself a new car.

.....

Since his great game in 2nds, Gary Hulme has been promoted to Vice Catain of the reserves.

Kidding aside Gary played a blinder in 2 nds.

.....

A boy shouldn't ask for a girls hand unless he is in a position to remove it from her fathers pocket.
