Bill Stubbs started his a long and illustrious involvement with the Glebe District Hockey Club in 1954 at the age of 14 years, playing for Glebe in the Sydney Under 16 competition during the 1954 season.. Bill was originally enticed to play hockey by Daryl Fishenden who himself was coaxed to play by Victor Westacott. Bill picked up the game quickly and represented Sydney in the U/16 teams of 1955 -, and represented NSW in the U/16 team of 1955. In 1956 Bill played in the Glebe premiership winning 1st grade team at inside left. Glebe defeated Northern Districts in the Grand-final. The 1956 annual report had the following to say - "Bill broke into A - grade and after a very good season and very good grand-final should, with a few more years' experience, become one of Sydney's outstanding Inside Forwards". Bill played in the Glebe 1st grade side from 1956 to 1963 winning premierships in 56, 58, 62, and 63. Bill was a consistent, unselfish player who always put his team first, rather than pursuing the miraculous solo run. He had the ability to win matches with his deft stick work and circle craft.

Bill's representative honours include representing Sydney U/21's for four consecutive years from the age of 17 till 21. Bill did not nominate for NSW State U/21 team selection due to his study and exam commitments. Bill represented Sydney Senior men's team in 1962/63. Work and family

commitments meant Bill could not devote the time required to pursue further representative honours.

Bill played senior hockey for the Glebe District Hockey Club from 1954 - 1980 a period of 26 years amassing 561 games for the Club. During the late 70s Bill was approached by the Club President Charlie Brown to player/coach a 6th grade side with the bulk of players being Glebe juniors. Bill remembers fondly being able to play alongside senior players such as Ken Wark Snr, Bennet Dunn and Paul Rogers intermingled with Glebe juniors players. This sixth grade team side won two premierships, during the three years that Bill was captain coach. The team gelled well and all players young and old had a happy, enjoyable, rewarding experience playing in the team.

In 1981 Bill was appointed as the Club's first non-playing coach. In 1981 he coached the Glebe 2nd grade team which defeated North Sydney in the grand-final, after finishing 3rd at the end of the competition round games. In 1982 Bill progressed to coaching the Glebe 1st grade team in which his son Craig played. The 1982 Glebe first grade team defeated St George in the final at Primrose Park and won the Sydney Hockey Association Premier Division Competition. The team entered the game as underdogs against the highly fancied St George outfit but Keith Pritchard hit the winning goal to give Glebe a memorable 2 - 1 victory. Prominent Glebe player Robert Diviney's death at the beginning of the 1982 season going home from training at Jubilee Oval Glebe added to the emotional atmosphere among players and supporters alike. Bill stayed on in a managerial role in the 1983 and 1984 seasons.

Bill has also been involved in the GDHC Management Committee Serving as Club President for five years from 1967 - 1971 and also as Club Treasure for three years from 1960 - 1963. Bill is currently the Glebe District Hockey Club Patron a position which he has held since 2009,

succeeding the late Martin Howe. The Patron of the GDHC is an honorary position held by a member of the Club who supports, protects, champions and upholds the true traditions of the Club.

Bill has also made a substantial contribution to the wider hockey community. In the period from the late 1970's to 1984/85, a period of 8 years, Bill was a Board member (holding varying positions) of NSW Hockey Association. In early 1990 Bill was asked and duly accepted the role of Honorary Managing Director of the 1994 Hockey World Cup held in Sydney November/December 1994. The role covered a five year period which concluded late in the first quarter/early second quarter of 1995. The World Cup was run at a small profit (\$5000). Up until this 1994 Men's World Cup Competition no International Tournament (men's or women's) in Australia was run at a profit. The profit could have been larger as certain FIH international costs were imposed (foreign exchange variations) and FIH international income (TV rights income) was not able to be collected.

In May 1995 Bill was appointed a Director of the Australian Men's Hockey Association. He remained on the Australian Men's Hockey Association Board until the Men's and Women's Associations were amalgamated in late 2000, a period of service to the Australian Men's Hockey Association of five and a half years. The ten years from 1990 to 2000 Bill was heavily involved with the affairs of the Australian Men's Hockey Association

Bill was Chairperson at the Meeting when the NSW Men's Hockey Association and the NSW Women's Hockey Association voted to amalgamate into one Association, to be called the NSW Hockey Association.
